BUSINESS

1. PROPOSED HEALTH, SAFETY AND SANITATION ORDINANCES

Law Director Wiles explained that the city is having problems in certain areas with grass not being cut and problems with vacant houses. Mr. Wiles presented two proposed ordinances; one addressing the grass and the other addressing houses that would be considered public nuisances. The ordinances will allow properties to be posted and if they are not cleaned up within a certain period of time, the city will do it and send a bill. If the bill is not paid, the cost will be put on the tax duplicate.

Mayor Anderson stated that the current ordinance dealing with grass has worked well, but it does not allow the city to clean up property before they cut the grass. The proposed ordinance will allow the city crews to clean up the property.

Council agreed with the language in both ordinances. Legislation will be on the July 13th Council agenda.

The Committee of Full Council meeting adjourned at 8:00 p.m.
