KAISER PERMANENTE

Kaiser Permanente will be having a Farmers Market event in their parking lot on July 18th from 11:30-2:30. It's primarily for employees, but open to the public. They requested this to be a regular event but had only received approval for a one time event, so it does not conflict with the regular Saturday Market.

IT PAYS TO SPEAK UP!

I heard recently from a resident concerned about the visibility and safety when turning right on red at the Colonial - SOM intersection. After investigation and review it has been determined that the sight line ordinance has specific regulations and the homeowner has been requested to make some changes to the landscaping. If you see something that is not right and believe we can make improvements, please bring it to my attention and I promise to check it out.

OTHER CITY NEWS

Cappelli's Party Center would like to relocate to the former Sleep Center in downtown Willoughby. They would like to have a Martini Bar on Erie Street and capabilities to host events (weddings) for up to 150 people. Discussions taking place with Ingress/Egress (parking) and Planning Commission to work through the details.
